

Information on the possibility of returning packaging (§ 15 Para. 1 Sentences 1 to 5 VerpackG)

According to the VerpackG, we are obliged to take back free of charge the transport packaging with which we deliver our products to you. This obligation also includes reusable packaging.

The packaging mentioned above will be taken back by us free of charge if it is used, completely empty packaging of the same type, shape and size that we carry in our range of goods.

More detailed information on the location and further modalities of return can be obtained from the website of the recycling partner Kreislaufsystem Blechverpackungen Stahl GmbH (www.kbs-recycling.de) acting on our behalf or from info@kbs-recycling.de or 0211 239228 0.

The packaging does not belong in the residual waste, but back into the economic cycle. Returning the packaging ensures that it is recycled in an environmentally sound manner in accordance with the requirements of the German Packaging Act (VerpackG) and facilitates compliance with the recycling requirements.
